Charge Your Federal, State, and Local Tax Payments to a Credit Card

Visit www.officialpayments.com
or call **1-800-2PAY-TAX**
(1-800-272-9829)

Official Payments charges the taxpayer a convenience fee for federal, state and local tax payments. Our government partners do not receive any portion of the fee. A minimum convenience fee of \$1 will be charged on tax payments. Business taxpayers can deduct the convenience fee as a business expense (check with your tax adviser). Federal tax deposit payments cannot be paid through this service.

Now your clients can get something back when they pay their taxes...

Here's How!

Why Tax Professionals Need To Know About Official Payments

Official Payments provides consumers and small business owners with an important option they'll want to know about. We make paying government taxes and fees easier, faster and more flexible by providing a credit card payment option.

With Official Payments, your clients can safely charge their government fees and taxes to a credit card.

Online: www.officialpayments.com

Phone: 1-800-2PAY-TAXSM (1-800-272-9829).

Your clients may find paying with a credit card is more convenient, provides cash flow flexibility and is a smart way to maximize card rewards. **Plus, business taxpayers may be able to deduct the convenience fee charged by Official Payments as a business expense.**

Who we are:

Official Payments has successfully processed government payments electronically since 1996. We are the leading provider of electronic payments of taxes and fees on the federal, state and local level and have been an authorized partner of the U.S. Internal Revenue Service since 1999.

In 2005, we processed more than \$2 billion in government payments including Federal and State estimated, extension, balance-due, real estate taxes and a wide range of local and municipal taxes and fees.

We are a wholly owned subsidiary of Tier Technologies, Inc.

How Official Payments Can Help Your Clients

By enabling your clients to use a credit card, we help reduce paperwork, speed transactions, and provide greater cash management options and flexibility in scheduling payments. Clients may receive a point, a mile, or money back for each dollar they charge on their cards.[†]

Here are some real-life examples of how Official Payments has benefited taxpayers...

- **CONVENIENCE:** One taxpayer who travels frequently for her job was able to charge her personal income taxes while on the road. All it took was a phone call. She avoided missing a payment which could have resulted in penalties and interest.
- **REWARDS:** A couple living in New York were planning an anniversary trip to Hawaii. They paid their taxes online at www.officialpayments.com using their frequent-flyer credit card. They earned over 60,000 rewards points which they used to purchase two airplane ticket upgrades. Now they can start their trip in style by flying first class.
- **FLEXIBILITY:** A small business owner who was experiencing cash flow problems did not want to liquidate assets to pay his State Sales and Use tax bill. By charging the tax to a credit card, he was able to pay his tax obligation when cash was available. Charging his Sales and Use taxes helped him avoid setting up an extended payment schedule with the government, or taking out a high interest short-term loan.

[†]To earn rewards you must be enrolled in an eligible credit card rewards program.
